About Faraway plc

Faraway plc owns 100% of 10,350 acres of Government of Canada long-term renewable leases near Freuchen Bay, Melville Peninsula, Nunavut, Canada, and is working on arranging for their future development. Faraway plc is a majority-owned subsidiary of Borealis Exploration Limited (BOREF OTC-US).

Forward Looking Statement

The discussion of the Company's business and operations in this report includes in several instances forward-looking statements, which are based upon management's good faith assumptions relating to the financial, market, operating and other relevant environments that will exist and affect the Company's business and operations in the future. All technical, scientific, and commercial statements regarding technologies and their impacts are based on the educated judgment of the Company's technical and scientific staff. No assurance can be made that the assumptions upon which management based its forward-looking statements will prove to be correct, or that the Company's business and operations will not be affected in any substantial manner by other factors not currently foreseeable by management or beyond the Company's control.

All forward-looking statements involve risks and uncertainty. The Company undertakes no obligation to publicly release the result of any revisions to these forward-looking statements that might be made to reflect the events or circumstances after the date hereof, or to reflect the occurrence of unanticipated events; including those described in this report, and such statements shall be deemed in the future to be modified in their entirety by the Company's public pronouncements, including those contained in all future reports and other documents filed by the Company with the relevant Securities Commissions.

FARAWAY PUBLIC LIMITED COMPANY

Gibraltar Registered No. 57887

DIRECTORS' REPORT

The directors submit their report and the audited financial statements for the year ended 31 March 2014.

Corporate Profile

The Company was incorporated on 23 April 1996 in Gibraltar. Since 3 May 2005, the Company's shares have been listed for public trading in the United States over-the-counter (OTC: FWYPF) market. No public share trades on the market have taken place to date.

Activities

The Company owns 100% of 10,350 acres of Government of Canada long-term renewable leases near Freuchen Bay, Melville Peninsula, Nunavut, Canada, and is working on arranging for their future development.

Results and Review of Business

The results for the year are shown in the Profit and Loss Account on page 8.

Borealis Exploration Limited ("Borealis"), the ultimate parent company, transferred certain mineral rights in the form of mining claims to the Company pursuant to the terms of a Mining Rights Transfer Agreement. In exchange for acquiring these rights, the Company issued 5,200,000 shares valued at £52,000 GBP.

The Company owns 100% of 10,350 acres of Government of Canada long-term renewable leases near Freuchen Bay, Melville Peninsula, Nunavut, Canada. These leases cover a series of geophysical /geochemical anomalies that our consultants tell us sit astride an intra-cratonic rift. This type of structure, as far as your management knows and our geological consultants tell us, exists in a total of 9 locations worldwide, and 8 of these locations have been in production for many years, in some cases over 100 years. We have been unable to attract outside investment in this acreage position to date. To get terms satisfactory to your management it appears that the control shareholder will have to invest probably the next CAD\$10 million into the property. When the parent company has the funds available Faraway has been told that under current conditions and given our current state of knowledge that these funds will be forthcoming from our parent company under more favourable terms to Faraway plc than any outside third party has offered to date. These leases run for 21 years from 27 December 2001, and are expected to be renewed on the renewal dates, and will require annual payments of US\$10,369 at current exchange rates. The Company intends to retain its interest in the mineral properties for future development as per the position of the majority shareholder as stated above.

Exploration activity will commence as soon as the Company is able to secure the necessary funding.

These financial statements have been prepared in accordance with Gibraltar Accounting Standards with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation. As at 31 March 2014, the Company had a net asset deficit of US\$1,218,479 (2013 - net asset deficit US\$1,040,066) and to date has relied on the support of Borealis, which is also in the development stage. The Company's only assets are the investment in the mining property, which is illiquid, although, because it is now a long-term renewable Government of Canada lease, probably saleable. The continued operation of the Company is dependent on its ability to receive continued

financial support from shareholders, complete sufficient equity financing or generate profitable operations in the future. However, there can be no assurance that the Company's efforts to generate profitable operations will be successful. The financial statements do not contain any adjustments that might be necessary if the Company is unable to continue as a going concern.

Business Review

Freuchen Bay Project

The Company owns 100% interest in six Government of Canada 21-year renewable mineral leases located near Freuchen Bay, Nunavut, Canada. These leases require annual lease payments of US\$10,369 per year at current exchange rates. All leases are renewable, and are expected to be renewed upon expiry.

The Company anticipates that in future years significant expenditures will be incurred on development as work progresses on putting its mineral resources into production if we can establish a sufficient resource to justify the necessary costs. Finance in this case will be provided by the controlling shareholder, the issuance of further shares at not less than US\$10/share, or by conducting a joint venture with other companies under more favourable terms than the above, or by the sale of rights to the products from production which can happen after the controlling shareholder has invested the next \$10 million if the results of the exploration on the property prove encouraging. Faraway plc and its previous companies have held these properties for many decades attempting to get them developed. Various proposals for development and/or sale of the mineral properties continue under discussion. In the meantime, all of the Company's expenses are paid by Borealis Exploration Limited and the proceeds from all share sales are advanced to Borealis. All these transactions are debited or credited, as the case may be, against the inter company account. This current arrangement is expected to continue for the foreseeable future though all options and all future activities are completely open for further discussion.

Dividends

There were no dividends declared during the year.

Directors and their Interests

The directors who served during the year were as stated on page 2.

Directors Responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year which meet the requirements of the Gibraltar Companies (Accounts) Act 1999 and Gibraltar Companies Act 1930. In addition the Directors have elected to prepare the financial statements in accordance with Gibraltar Accounting Standards.

The financial statements are required by law to give a true and fair view of the state of affairs of the company and the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable Gibraltar Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Gibraltar Companies (Accounts) Act 1999 and Gibraltar Companies Act 1930. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditors' report to the members of Faraway Public Limited Company

Report on the financial statements

We have audited the financial statements of Faraway plc for the year ended 31st March 2014 which comprise the profit and loss account, the balance sheet and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report, including the opinion, has been prepared for and only for the company's members as a body in accordance with Section 182 of the Companies Act and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Directors' responsibilities for the financial statements

The directors are responsible for the preparation and true and fair presentation of these financial statements in accordance with applicable law in Gibraltar and Gibraltar Accounting Standards. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' responsibilities

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and true and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent auditors' report to the members of Faraway Public Limited Company - continued

Opinion

In our opinion, the financial statements:

- give a true and fair view, in accordance with Gibraltar Generally Accepted Accounting Practice of the state of the company's affairs as at 31st March 2014 and of the company's loss for the year then ended; and
- have been properly prepared in accordance with the Companies Act and the Companies (Accounts) Act 1999.

Emphasis of matter

Without modifying our opinion, we draw attention to note 1 in the financial statements which highlights the existence of a material uncertainty relating to conditions that may cast doubt about the company's ability to continue as a going concern.

Opinion on other matter prescribed by the Companies Act

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act requires us to report to you if, in our opinion:

- the company has not kept proper accounting records; or
- if information specified by law regarding directors' remuneration and other transactions is not disclosed; or
- we have not received all the information and explanations we require for our audit.

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 March 2014

1. PRINCIPAL ACCOUNTING POLICIES

The financial statements have been prepared in accordance with Gibraltar Accounting Standards and the Gibraltar Companies Act 1930 and the Gibraltar (Companies Accounts) Act 1999 (together, 'Gibraltar GAAP').

a. Basis of accounting

These financial statements have been prepared under the historical cost convention and applying the Accounting Policies set out below.

b. Revenue

At present the Company is engaged in development of projects which have not yet reached the point of generating revenue. Once trading commences, revenue will be recognized.

c. Reporting currency

The Company's financial statements are presented in US dollars, which is the functional currency for operations.

d. Foreign currency translation

Transactions in foreign currency are recorded at the rate at the date of the transaction. Any monetary assets or liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date.

e. Going Concern

In order to meet future expenditures and cover administrative costs, the Company may need to raise additional financing. Although the Company has been successful in raising funds to date, there can be no assurance that adequate funding will be available in the future, or available under terms favourable to the Company. These financial statements have been prepared on a going concern basis that assumes the Company will be able to realise its assets and discharge its liabilities in the normal course of business. In assessing whether the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but not limited to, twelve months from the end of the reporting period. Further information is set out in the Directors' Report on pages 3 to 5.

f. Cash Flow Statements

The Company meets the size criteria for a small company set by the Gibraltar (Companies Accounts) Act 1999, and therefore, in accordance with the Gibraltar Financial Reporting Standard 1: Cash Flow Statements, it has not prepared a cash flow statement.

g. Mining properties

These are stated at cost, less any provision for diminution in value that may, in the opinion of the directors, have taken place. Under Gibraltar GAAP these costs include developing and maintaining the property. The policy on amortisation is that this will be charged on a straight-line basis over the period over which commercial mining operations are expected to continue. At present no amortisation is being charged until exploitation begins.
